Innovative Teaching Grants Guidelines for Grant Applications

Purpose:

Innovative Teaching Grants are designed to encourage, facilitate, recognize and reward innovative and creative instructional approaches to the accomplishment of programs objectives. The La Vernia Education Foundation (LVEF) is offering teachers and administrators the opportunity to apply for grants to support innovative programs or projects to support higher levels of students learning. The grants must enhance student academic performance and support the objectives, goals, and initiatives of the Campus Action Plan.

Persons Eligible to Apply for Grants:

Individuals or teams of individuals employed by La Vernia School District who are involved in the instruction of students or related support services benefiting students, academically.

Eligible Proposals:

Grants may fund instructional and classroom materials, parent involvement programs, or any activity or material which supports high levels of student academic achievement.

Award of Funds:

Individual LVISD employee can submit a grant of up to \$1000. If you choose to write a grant for over \$1000 the grant MUST be submitted by a group of LVISD employees. The number of awards will be determined by the grant review committee and depend on funds available from LVEF.

Selection Criteria:

- The degree to which the grant supports the District goals and the Campus Action Plan and is specifically designed to address an area of need substantiated by data.
- The degree to which student academic performance is emphasized.
- The degree to which sound evaluation procedures are incorporated in the proposal.
- The degree to which the proposal represents a creative or innovative approach to the accomplishment of objectives. Funds are not typically available for recurring programs/projects. (The proposal should address a new project as opposed to one accomplished or under way.)
- The degree to which the proposal is clear and logical, including (a) specificity of objectives; (b) clarity of description of instruction procedures, methods or treatments; and (c) correspondence among evaluative procedures, objectives and treatments.

3. If approved by the LVEF Board of Directors, the application is collectively presented to the La Vernia School Board for formal acceptance of the grant funds.
4. Applicants will be notified of decisions by the end of the current school year.

Responsibilities of Grant Recipients:

- Use the awards for the purposes intended.
- Please check with the campus administrator to insure funding is NOT available through district funds OR that resources have not been previously ordered or that funds are already allocated.
- It is important LVEF donors see the level of impact they are making. If is highly recommended to submit to LVEF a grant update or supporting information on the classroom impact prior to applying for another grant.
- A final report submitted to LVEF is strongly recommended.
- Any images of children used in reporting must be cleared with appropriate district personnel.

Things To Consider:

When creating your budget, research carefully and be realistic. Small grants are just as likely to be awarded as large grants. Partial funding may be considered. Funds will not be awarded for budgeted items available from district resources and we will not fund travel expenses of any kind.

The entire grant process is to fund resources and programs that are teacher driven ideas for the classroom. The grants can fund a new program or revamp something that is existing become more successful. As a District of Innovation, we encourage all to reflect on ways we can help our students become great students and ultimately strong members of society.
